

# Performance Evaluation Report

## Level 15 SURVEY

Student's Name \_\_\_\_\_ **SAMPLE** \_\_\_\_\_  
 Test Date \_\_\_\_\_

This evaluation report is based upon an analysis by Basic Skills Assessment & Educational Services staff of the items tested at this level of the CTBS TerraNova 1. The objectives listed below are the result of an interpretive study by staff members with the goal of helping you better understand the significance of the items tested. CTB is licensor only of the basic data from which this report was generated.

The total number of items answered correctly out of the total number possible for each objective is listed to the right. This report does not imply mastery or non-mastery of objectives listed.

<u>Reading Objectives</u>	<u>Items Correct</u>	<u>Mathematics Objectives</u>	<u>Items Correct</u>
<b>Can answer questions at the following levels of understanding:</b>		<b>Math Computation</b>	
Knowledge	___/9	Can add decimals	___/1
Comprehension	___/4	Can add fractions with same denominator	___/1
Analysis	___/12	Can divide with a two-digit divisor	___/1
Synthesis	___/1	<b>Math Problem Solving</b>	
Evaluation	___/2	Can use multiplication to solve story problems	___/3
<b>Vocabulary</b>		Can use addition to solve story problems	___/2
Can identify synonyms	___/4	Can estimate solutions to division problems	___/1
<b>Total Reading</b>		Can solve two-step story problems with/without estimation	___/3
		Can identify patterns using shapes	___/1
<b>Language Objectives</b>		Can read, understand, and apply graph data	___/5
Can recognize a correctly-constructed sentence	___/5	Can identify fractional parts	___/1
Can combine sentences for clarity	___/4	Can use division to solve story problems	___/1
Can identify a run-on sentence	___/1	Can compare and order five-digit numbers	___/1
Can identify appropriate reference sources	___/4	Can solve story problems using a hand clock	___/1
Can use common adjectives correctly	___/1	Can locate points on a rectangular graph	___/1
Can organize sentences to make a paragraph	___/5	Can determine perimeter	___/2
Can identify subjects and verbs that agree in number and tense, and function	___/3	Can estimate solutions using a number line	___/2
<b>Total Language</b>		Can estimate length using standard measurement tools	___/1
		Can use addition rules for odd and even numbers	___/1
		Can solve multi-step story problems	___/1
		Can distinguish between similar and congruent shapes	___/1
		Can find and use ratios	___/1
		<b>Total Mathematics</b>	___/32
