

# CLASSES AT BASIC SKILLS 2009-2010

Enclosed you will find the class schedule for the 2009-2010 school year. Classes at Basic Skills are intended to be supplemental to your home schooling efforts; thus, while you may find they help meet most high school graduation requirements, some courses may need to be completed at home.

**We are pleased to announce that this year we will be offering elementary classes on Fridays. See the blue insert for class descriptions, fees, and times.**

**All classes are offered at Basic Skills**

19146 Molalla Ave, Oregon City, OR 97045

Visit our website at [www.basicskills.net](http://www.basicskills.net) for directions.

### Enrollment Information

Admission to classes at Basic Skills is by application only. To apply, follow these steps:

1. Call the Basic Skills office at 503.650.5282 to request an application packet.
2. Mail the completed application & administrative fee (**\$115 per family before July 15, or \$150 after July 15**) to Basic Skills.
3. Basic Skills will contact you to schedule an orientation meeting for *new* families, at which time you will receive further enrollment information. **New students are required to attend the orientation.**
4. Mail the enrollment forms you receive at the orientation meeting to each teacher to reserve a seat in the class.

### Class Size

Class size varies, though typical enrollment is between 10-17 students. If a class is cancelled due to insufficient enrollment, you will be notified by the teacher.

### Attendance

Classes meet once or twice a week. **Because of this, we will not observe some holidays, such as President's Day & Veteran's Day. Please refer to the School Calendar or call our office if you have any questions about class cancellations.**

### Tuition, Times, & Fees

Tuition: Varies, see class descriptions for details.

Times: Some classes do not follow the standard timeline. **Please see class descriptions for starting & ending times.**

Fees: Book or materials' fees vary by course

### Textbooks

Textbooks must be purchased **before** the first day of class. Exodus Provisions provides textbooks that we use. Parents are responsible to purchase textbooks, unless otherwise noted in the description. All textbooks purchased at Exodus will receive a 5% discount. Please mention Basic Skills classes to receive this discount.

### Statement of Faith

1. The Bible is the only inspired, infallible, authoritative Word of God.
2. There is one God, eternally existent in three persons: Father, Son & Holy Spirit.
3. Our Lord Jesus Christ is God & man in one person. He was born of a virgin, lived a sinless life, performed miracles, & vicariously atoned for sin through His shed blood & death. He was bodily resurrected from the dead, ascended to the right hand of God the Father, & will personally return in power & glory.
4. Regeneration by the Holy Spirit is absolutely essential for the salvation of lost & sinful man.
5. God justifies the sinner on the basis of Christ's righteousness which is imputed to him by grace alone & received by faith alone.
6. Eternal life is received by faith; that is, trusting in Jesus Christ alone for salvation.
7. The Holy Spirit indwells all true believers & enables them to live a godly life.
8. Both the saved & the lost will be resurrected from the dead; they that are saved unto the resurrection of life & they that are lost unto the resurrection of damnation.
9. There is spiritual unity of all true believers in our Lord Jesus Christ.

**Bible****Biblical Worldview (I unit)**

Mon. &amp; Wed. 8:30–9:50

*(Students also enrolled in speech may be dismissed at 9:30 on Mondays)*

A recently released survey found less than 9% of Americans have a biblical worldview -- less than 1% of those ages 18-23! ([www.barna.org](http://www.barna.org)). "A large share of the nation's moral and spiritual challenges is directly attributable to the absence of a biblical worldview among Americans." Perhaps no other training is more essential to preparation for effective Christian living and witness. This course will compare the six major worldviews impacting our world today, and help students understand the ideas and forces that are shaping our culture. It will expose the presuppositions upon which arguments and choices are made, and analyze current issues in the light of God's standards. This course does satisfy requirements for social studies credit.

**Textbooks:** Understanding the Times textbook and Student Manual, 4<sup>th</sup> edition (Summit). Notebook.

all major areas of life science including cell structure, microbiology, botany, basic zoology and a general structure and function of the human body. Lab activities are included with the text. A good prep course for Biology.

**Textbook:** Life Science 3rd edition ( Bob Jones ) no test booklets, please.**Tuition: \$390****Lab and Material Fees: \$50****Physical Science (I unit)**

Tue. &amp; Thurs. 1:20-2:40

Course begins with the basic building blocks of matter and measurement. We will introduce physics, work and energy, thermodynamics, electricity, magnetism, sound, light, optics, atoms, chemical compounds, mixtures and solutions. Several laboratory experiences, additional to textbook experiments, will be conducted. This course should precede Chemistry and Physics.

**Textbook:** Physical Science, Student Edition and Lab Manual, 4th edition; (Bob Jones). Calculator.**Tuition:\$390****Materials Fee: \$50****Biology (I unit)**

Mon &amp; Wed. 11:30-1:10

Biology, the study of life! An overview of creation, studying all kingdoms. This course introduces botany, anatomy and physiology, genetics, cellular biology, and microbiology. Field and lab activities are coordinated with the text reading and assignments.

**Textbook:** Exploring Creation with Biology 2nd Edition ( Apologia )**Tuition: \$390****Lab and Material Fees: \$50****Human Anatomy & Physiology (I unit)**

Mon &amp; Wed. 1:20-3:00

Prerequisite: Biology

This class is an upper level class emphasizing the macroscopic study of human anatomy, some microscopic study of tissues, and a review of all systems at the end of the year. This class will allow the students to see how well designed our bodies are and the incredible testimony of the awesome power of God!

**Textbook:** The Human Body (Apologia)**Tuition: \$390****Lab & Material Fees: \$50****Chemistry (I unit)**

Tue &amp; Thurs. 10:00-11:20

Prerequisites: completed Physical Science, and has taken (or is taking) Algebra 2.

All general topics of Chemistry will be covered, to give the student ample preparation for future college-level courses. The metric system will be used, and unit conversion will require some algebraic manipulation. An emphasis is placed on in-class laboratory experience and error analysis. Several laboratory experiences, additional to textbook experiments, will be conducted.

**Textbook:** Exploring Creation with Chemistry, 2nd edition; (Apologia). Calculator. Tests provided.**Tuition: \$395****Materials Fee: \$60****Exploring General Psychology (I unit)**

Thursday 8:30-9:50

**New Class:** This course is an introduction to psychology as a behavioral science, and will cover a variety of scientific interpretations of the human mind and behavior.
